# Klehms' Nurseries

Arlington Heights,  
Cook County, Illinois

## WHOLESALE PRICE LIST

Established 1856.

Spring 1914

Phone. Arlington Heights, 22.

## INFORMATION

**LOCATION**—Our Nurseries are located only 22 miles northwest of Chicago on the Chicago & Northwestern Railway and can make easy shipment via any road leaving Chicago.

**QUALITY**—OUR Nursery Stock is grown in the open, unsheltered prairie, and in the most exposed situations, which insures their hardiness, and in soils admirably adapted for forming an abundance of fibrous roots and robust plants. Special attention is called to the fact that our stock is grown a good distance apart in the rows and under the highest state of cultivation, insuring heavier trees and shrubs than are generally offered.

**TERMS & CONDITIONS**—Prices quoted in this catalogue are net. Baling and boxing will be charged at cost. Boxes 16 x 16, 8 to 10 ft. long \$1.25; 20 x 20 \$1.50; 24 x 24 \$2.00; 30 x 30 \$2.50

Cash or satisfactory Bank references must accompany orders except Nurserymen of good standing, to whom the usual terms will be extended.

The greatest possible care is exercised by us to keep our varieties true to name. We hold ourselves in readiness to replace, on proper proof, all stock that may prove otherwise; but it is mutually agreed between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original cost of the goods.

To receive consideration, claims must be made within five days after receipt of the goods. Claims for damage in transit must be made to the company delivering the goods, and should be presented promptly.

**CERTIFICATE OF INSPECTION**—A certificate of Inspection will be sent with each shipment, as our Nurseries have been thoroughly inspected and found free of San Jose Scale and other injurious insects and diseases. No scale has ever entered our Nurseries and there is none in the surrounding country.
